

Install Zotero

1. Go to Zotero's homepage at <http://www.zotero.org/>
2. Click **Download Now**
 - *The "Download" page will load*
3. Download the version of Zotero you want to use
 - **Zotero for Firefox** runs on Firefox; this is the most stable and reliable choice
 - **Zotero Standalone** is a separate application that plugs into your choice of browser
 - Learn more about each version at the external [Zotero install guide](#)
4. Follow the standard installation process for your browser or operating system
