

View Your Network of Followed Users

View the Network page to see the activities of all your followers and those that you follow. For example, follow all of the members on your team and keep track of their activities by looking at them in your network. For more information on following other users, see the [Follow Other Users](#) step-by-step guide.

1. In the right menu, click on your profile picture
 - *A drop-down menu will unfold*
2. Click on **Network**
 - *Your Network page will open, showing the activities of your followers and those you follow*
